ART. 3 PROGRAMME DURING THE RALLY WEEK

For a better logistic, the FIA has authorised a request from the organiser to allow tyre marking to be completed within the service park itself, to avoid unnecessary movement of service vehicles and congestion on narrow roads. All competition vehicles requiring dry tyre marking/registration prior to the rally should have their dry tyres available for barcode scanning during the times published below. It remains the competitor's responsibility to ensure that your tyres have been registered in line with the FIA EHRC Sporting Regulations before the start of the competition.
